Unfortunately problems have again struck our newsletter on the web. We have reformatted the file and uploaded a fresh copy to the website.

Remember! You should **NEVER** be asked for Usernames, Passwords or any private details when accessing our school newsletter.

We would prefer that you create your own "favourite" or "bookmark" link to the School Website, the news archive, or the newsletter itself in your preferred Internet Browser and not rely on links in the notification email.

This could help in avoiding some of the problems some people have experienced due to the department firewall and links embedded within notification emails.

We apologise for the inconvenience.

Please move your mouse over the buttons to reveal the link targets.
